

Hand-drawn survey plat showing a section of land with various measurements, bearings, and a railroad track. The plat includes a scale of 1 inch = 200 feet and a closure error of 1/5000. The survey is by Donald Olmstead.

Scale: 1" = 200'

Legend:

- SET I. BOLT.
- FOUND I.P.
- RR TRACK
- M = MEASURED DISTANCE OR ANGLE
- R = RECORD DISTANCE OR ANGLE

NOTE: PLATTED DISTANCES DO NOT MEET ACTUAL DISTANCES AS ORIGINAL SURVEY WAS NOT CLOSE SURVEY

CLOSURE ERROR = 1/5000

NOTE: ALL DISTANCES ARE IN FEET, ANGLES IN DMS

Survey Data:

Line	Bearing	Distance (M)	Distance (R)
1	S 89° 04' 12" E	890.46	890.46
